B) Any person who unloads, lands, or otherwise brings or moves into and through the United States any regulated plants, plant products, plant pests, soil or other products or articles in violations of the regulations will be subject to prosecution under the applicable provisions of the law.

C) CBP-AI and PPQ have the option to order the least drastic action, which could be approve treatment, re-exportation or destruction of a shipment, a portion of a shipment, or any other material associated with the shipment (i.e. pallets, packaging, means of conveyance...). This will be done if the official personnel find that the shipment requires treatment as a condition of entry, is contaminated with a quarantine plant pest or pests, is commingled with a prohibited plant material, or if required documentation is incomplete or missing. Noncompliant shipments will be treated, re-exported or destroyed, at the consignee's expense.

D) All costs and arrangements for the safeguarding of the cargo and transportation of the cargo are the responsibility of the importer, broker, or other parties associated with the shipment.

E) All wood packing material (WPM) present with this shipment must meet the requirements of the importing and destination country and is subject to ISPM 15 treatment and IPPC stamp requirements and enforcement.

F) Shipments placed on hold by CBP-AI may not be moved or released from the Port of Entry without authorization by CBP-AI.
